6" 18W

REV-LED

Featuring **TRUE RGBW: Enjoy infinite color selection!**

EASY TO BUY AND INSTALL:

1. Purchase one or two Smart Transformers in WP box.
 - Single powers up to 4 lights. (REV-LEDP1)
 - Double powers up to 8 lights. (REV-LEDP2)

Multiple transformers can be grouped or separated in the app for practically unlimited lighting variations.

2. Purchase desired number of lights: 12" (35W) or 6" (18W). Lights are double potted, ensuring no water infiltration.

3. Purchase a 50' cord to connect each light to Smart Transformer.

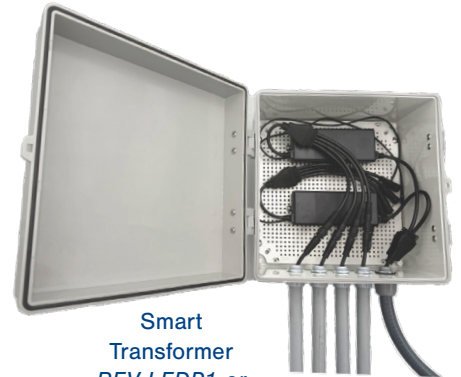

- Transformer, lights, and cords all have factory installed waterproof IP68 male quick connectors. **Installation is fast & easy!**
- Each cord contains a female to female quick connector so installer can combine REV-LED50C to fit any distance.
